

# TWINCORE - Seminar

Thursday April 20<sup>th</sup>, 2017, 5 p.m.  
TWINCORE Lecture Hall

## Innate and humoral immune responses to arboviruses

### Graham Simmons, PhD

Senior Investigator Blood Systems Research Institute;  
Associate Professor  
Laboratory Medicine, UCSF; San Francisco, USA

#### Current Positions:

- Senior Investigator, BSRI
- Associate Adjunct Professor, Department of Laboratory Medicine, University of California, San Francisco

#### Education:

- M.Sc., Immunology, King's College London, United Kingdom
- Ph.D., Molecular Virology, Institute of Cancer Research, London, United Kingdom
- Post-doctoral Fellow/Research Associate, Department of Microbiology, University of Pennsylvania, Philadelphia

#### Training / Appointments:

- Post-doctoral Fellow/Research Associate, Department of Microbiology, University of Pennsylvania, Philadelphia

#### Research Interests:

- Emerging human viruses
- Mechanisms of enveloped entry and egress
- Inhibitors and monoclonal antibodies targeting viral entry and egress
